

ONE HOUR LECTURE

With TRUNK SHOW and QUILTING DEMO

Sandi Blackwell

Based on her book

Square-agonals; A New Angle on Quilting

Friday, February 24th, 2012

11 am to 12 Noon

New Library CR466A & CR139

Sign-up Cost - \$5

See this amazing technique for creating on-point/diagonal set quilts without cutting any triangles or doing any math calculations!!

What is Square-agonals™? It is a new method of creating diagonal set quilts without the complications of sewing setting corners and triangles. The method is based on a well-known branch of mathematics, called dissections, which I utilize for my new technique
