

# NEW WORKSHOP OPPORTUNITY!

*Debbie Jones*

## FABRIC DECOLLAGE SEASCAPE

**Date: Wed., JUNE 6th  
10:00 am - 1:00 pm**

**Where: New Villages Library  
Max # Students - 15  
Cost to sign-up: \$25**

***Fabric Seascape Decollage* (3 to 4-hour class, for all skill levels)**

Create a breathtaking underwater scene in fabric, using fusibles to make an 11”x14” fabric decollage that can be framed or stitched/quilted at home later, if you prefer. No templates or patterns are needed with these easy techniques. Learn how to use your rotary cutter to cut kelp in a free-form style – it’s easy! With their vibrant colors, the fish are “woven” through the kelp to give your seascape a 3-D look. They make great gifts, and it's a fun project to share with your kids and grandkids – they’ll love making “fishy” scenes! A detailed handout will be given. See more examples of this class on the Seascapes page at [www.debbiejones.com](http://www.debbiejones.com)

**Bring your own fabric or purchase a kit from Debbie Jones in class!**
